

SAMUNDRA SUBEDI

FULL-STACK DEVELOPER

+977 980 668 3020

sank.subedi@gmail.com

github.com/SammSubedi

Pokhara, Nepal

+ SUMMARY

Computer Engineering student at GCES, Pokhara with hands-on experience building full-stack web applications using the MERN stack. I've shipped multiple projects from community platforms to job portals, and built a 3D action game in Unreal Engine. I also bring creative skills in video and photo editing to the table.

+ EDUCATION

- 2021 — Present
Bachelor of Computer Engineering
Gandaki College of Engineering & Science (GCES)
Pokhara University · Pokhara, Nepal
- 2019 — 2021

+ PROJECTS

Chautari

MERN STACK

A community discussion and content-sharing platform inspired by traditional Nepali gathering spaces, enabling real-time conversations and multimedia posts.

JobBridge

MERN STACK

A full-stack job portal that bridges employers and job seekers with listing, search, and application management features.

Assignment Management System (AMS)

MERN STACK

A web-based system for managing and tracking academic assignments, built with a RESTful API backend and React frontend.

ProjectAssassin

UNREAL ENGINE

A 3D action game featuring a fully animated character controller with combat, HP & stamina systems, vaulting, climbing, and a lock-on targeting system.
